## A Friend

Too often we don't realize what we have until it's gone,  
Never do we say, "You were right I was wrong."

Never do we admit the things we're going through,  
Or never ever say where I'd be without you.

Even though we fight you know ill be here  
To forget about the whole thing, like I don't care.

A person like you should never feel down  
Or draw a face without a smile, draw a rainbow black and brown.

You're so very special to me, even though you're so far away  
Just hearing your voice, seeing your face, brings happiness to my day.

When you're feeling sad, nothing I do will make it right,  
It's like a sun without its moon, a hug without its kiss, a day without its night.

The laughs, the smiles the tears, will never end  
As long as we're together, you'll always be my friend.

# 2001-2002

As you grow up people tell you things you'll never forget throughout your life. It's just those little things that make life right. But as you grow older you never realize what those people are trying to say, because us kids are too busy living life day by day. It's just like someone told me since I was about three or four, life's not a breeze, it's very much more. Try your hardest, never forget to smile. Be optimistic, because you're only once a child.
